

Certificate

Hereby it is confirmed that the data centre of

SIAG Secure Infostore AG
Swiss Fort Knox 2

is fully compliant with the

requirement of the zone model
zone 3 (BSI) / zone 2 (NATO)
according to BSI TL-03304 / NATO requirements

released on 06.12.2007.

Furthermore, the data centre is highly protected against **EMP/HPM threats**.

The requirements have been proofed with a shielding effectiveness measurement according standard IEEE 299.

Certificate-Registry-Nr: EM 2019-75 836

Measurement-Report on: 15.04.2019

Made in Europe for EMshield is not just a stamp. It stands for the philosophy to develop and manufacture products according to the highest European standards. The advantage of our location is reflected in the technology, design and innovation.

Grasbrunn, 15.04.2019
Markus Krautbauer, Managing Director
